

PRASHANT KALAMBE

Senior Full Stack Developer | Java Spring Boot React.js AWS Microservices GenAI

+91-8459747041 | kalambeprashantkp@gmail.com | Kandivali, Mumbai | LinkedIn Profile

TECHNICAL SKILLS

DEVELOPMENT	Java, Spring Boot, Microservices, React.js, Node.js, Express.js, REST APIs, Event-Driven Architecture
SYSTEM DESIGN	High Availability Architecture, Low-Latency Design, Scalable Microservices, API Design, Data Modeling
CLOUD	AWS (EC2, Lambda, API Gateway, S3, RDS, DynamoDB, SQS, SNS, ECS, EKS, IAM, Cognito, Glue, CloudWatch, DocumentDB), Jenkins CI/CD, GitHub Actions
PROGRAMMING	Java, JavaScript, Python, C++
COMPETITIVE PRG.	Solved 300+ DSA problems across platforms; Ranked Top 10 in CodeChef Contest & Ranked 100 Globally in CodeChef Starters Contest
AI / GENAI	Spring AI, Generative AI, LLM Integration, AI-powered Recommendations
DATABASES	MySQL, DynamoDB, DocumentDB
TOOLS	AWS SDK, Postman, JIRA, VS Code, Git, GitHub, Splunk, DriveIT

EDUCATION

THAKUR INSTITUTE OF MANAGEMENT	2020 - 2022
MCA in Information Technology Mumbai, Maharashtra	
THAKUR COLLEGE	2017 - 2020
B.Sc. Information Technology Mumbai, Maharashtra	

CERTIFICATIONS

- AWS Certified Solutions Architect
- AWS Certified Cloud Practitioner
- NPTEL Java Certification | NPTEL SQL Certification
- Udemy: Spring Boot & React Full Stack
- Udemy: Python for Data Science & ML

COURSEWORK

GRADUATE: Distributed Systems Design, Cloud-Native Architecture, Event-Driven Systems, Machine Learning Basics, Database Management

UNDERGRADUATE: Operating Systems, Computer Networking, Object-Oriented Programming, Java & Python, Data Structures & Algorithms

PROFESSIONAL EXPERIENCE

CYIENT — SENIOR FULL STACK DEVELOPER JOHN DEERE - BM E-COMMERCE PLATFORM

June 2026 – Present | Mumbai, MH

Technologies: Java | Spring Boot | AWS | MySQL | React.js | Spring AI | Microservices | System Design

- Lead full-stack development of the BM e-commerce platform using Java/Spring Boot microservices on AWS with React.js interfaces for catalog, cart, and checkout.
- Design scalable RESTful APIs and MySQL data models, translating business requirements into technical designs across the application stack.
- Build reusable React.js UI components and integrate frontend workflows with Spring Boot REST APIs.
- Apply microservices and cloud-native architecture principles to build scalable and maintainable services.
- Leverage Spring AI and Generative AI (GenAI) for intelligent product recommendation use cases.
- Mentor junior and mid-level engineers through code reviews and design discussions; collaborate with product and QA teams in Agile delivery.

TATA CONSULTANCY SERVICES (TCS) — SYSTEM ENGINEER STELLANTIS - DEALER SERVICE DATA INTEGRATION (DSDI)

April 2024 – June 2026 | Mumbai, MH

Technologies: Java | Spring Boot | AWS | MySQL | React.js | Spring AI

- Built AWS data pipelines using Lambda, API Gateway, and RDS with asynchronous distribution through SNS/SQS.
- Designed event-driven microservices architecture for high availability, scalable processing, and reduced latency.
- Developed Spring Boot REST APIs and backend services integrated with MySQL and AWS services.
- Integrated Spring AI and LLM-based Generative AI features into Spring Boot backend services.
- Built React.js UI functionality integrated with enterprise REST APIs.
- Implemented JUnit 5 and Mockito automated testing, achieving 80%+ test coverage.

TATA CONSULTANCY SERVICES (TCS) — SYSTEM ENGINEER STELLANTIS - GLOBAL SERVICE DELIVERY PLATFORM (GSDP)

April 2021 – April 2024 | Mumbai, MH

Technologies: Java | Spring Boot | AWS | React.js | MySQL | Jenkins

- Built scalable RESTful APIs and React.js UI components for business-critical enterprise workflows.
- Implemented Spring Boot backend services and integrated frontend components with REST APIs and MySQL.
- Optimized application code and database queries, improving performance by approximately 30%.
- Implemented Jenkins CI/CD pipelines for automated deployment and reliable software releases.
- Collaborated with global stakeholders to analyze requirements, troubleshoot issues, and deliver scalable solutions.
